

# Model: WTPC-10

## 10.4-inch Wireless Tablet PC

### description:

Wireless touch panel offers elegant control of the Control Point system through existing Wi-Fi network. Integrated 802.11 a/g/n Wi-Fi with WEP encryption delivers secure, high speed wireless performance across wireless LANs offering seamless communication to Control Point systems.

**DESKTOP CRADLE:** Optional Desktop cradle afford a convenient charging solution, adding 10/100 Ethernet for direct connect to a wired LAN, plus 2 USB ports for mouse and keyboard. When the touch panel is placed in the cradle it can automatically switch from Wi-Fi to wired if Ethernet is present. Without a wired connection the touch panel will operate wirelessly while it charges.

**EXTERNAL BATTERY PACK:** External, snap-on, hot-swappable battery pack - doubles duration of mobile operation, Li-Ion, 28Wh.
